Dear Patient,

If you are questioned by an insurance representative and they ask you who performs your therapy (e.g., ultrasound, muscle stimulation, interferential, diathermy, or microcurrent), the answer should be that the assistants place the therapy according to the doctor's directions, and the doctor returns to turn on the therapy. This is how our office works to operate efficiently.

Thank you,

Insurance Update

By Matt Minnella, ANJC Director of Insurance and Regulatory Affairs

We have heard from membership that automobile carriers have increasingly been questioning patients (typically at their attorney's office) about their chiropractic physician regarding treatment being rendered.

Questions such as if the doctor or staff are performing certain procedures, how much time was spent with the patient, did the doctor even perform the procedure, etc., are being asked.

Although all ANJC doctors are well-trained and are encouraged to document their procedures fully, the unfortunate fact is most patients have no clue what many of the procedures you perform are and cannot competently explain this to the insurance carrier. A patient's poor memory or lack of knowledge of a treatment or procedure you may perform in your practice could give an insurance company motivation to deny or withhold reimbursement for the care you provided.

Please be sure to explain to patients what you are doing and document timed codes in your notes.

Irrevocable Assignment of Benefits/Guarantee to Cooperate

In consideration of services rendered or to be rendered to the patient named below, I hereby authorize and assign payment directly to the office of Delran Chiropractic, PA of any and all first party no-fault automobile insurance benefits to which I am otherwise entitled for services rendered by the provider. This medical office, in turn, agrees to comply with the requirements of the no-fault insurance carrier's precertification plan/decision point review plan, and the medical office agrees not to seek to obtain payment from the insured or persons receiving treatment or undergoing medical testing whenever charges have been reduced in accordance with the no-fault carrier's precertification plan.

I authorize, assign, and direct payment of insurance benefits to Delran Chiropractic, PA for monies due on bills which relate to services rendered. I assign, to the above provider's office, the right to prosecute the claim(s) against the insurance carrier that affords benefits, and I agree to fully cooperate with this provider's office's efforts to prosecute a claim against the insurance carrier if there is not timely payment on the claim.

In the event the provider's charges are outstanding and I fail to file an application for benefits under the "State No-Fault Laws," I hereby authorize the providers to file such a claim on my behalf so that the provider may realize payments of its charges. I also authorize the above referenced provider to release any medical information necessary for the use of attorneys, doctors, insurance companies, or collection services.

As part of my assignment of benefits, I specifically request that my insurance carrier forward to the provider copies of any and all reports from independent examiners, peer review doctors, and auditing companies.

Additionally, should I recover any money by virtue of claim or legal cause of action, I hereby assign my right to payment directly to the health care provider named above, and I direct my attorney or other legal representative to honor this irrevocable assignment as a lien on my file or any funds that may be due to me. My attorney or legal representative is hereby authorized and directed to make such payment from the recovery in such claim or action up to the amount due to the above provider so as to be consistent with this assignment. This assignment will also serve as a letter or protection for the provider, which grants the provider the ability to recover outstanding balanced, which are not due to fee scheduling reductions, from any and all settlements I may recover.

I understand that the above assignment may not be revoked or amended without the expressed written consent of the above-mentioned provider. Additionally, by signing this agreement, I fully understand the terms contained within. My signature also represents that I fully understand this agreement if I needed assistance interpreting it. I have not been coerced in any way to give this assignment. If any portion of this form is found to be invalid, the remainder shall remain in effect. A photocopy of this shall be deemed as valid as an original.
